PROFESSIONAL SUMMARY

Full-stack Java Software Engineer skilled in Spring Boot microservices, Angular/React, and RESTful API development within Agile/Scrum teams. Experienced in Object-Oriented design, CI/CD delivery, and Agile tracking with JIRA. AWS Certified Cloud Practitioner and AI Practitioner, and Claude Certified Architect (Foundations), with a strong foundation in scalable, secure, and maintainable software delivery.

TECHNICAL SKILLS

Backend: Java (Core & Advanced), Spring, Spring Boot, Hibernate, JDBC, RESTful API Design, Microservices Architecture, ESQL, SQL, Object-Oriented Programming (OOP), Design Patterns, Multithreading

Frontend: Angular, React, TypeScript, JavaScript (ES6+), HTML5, CSS3, Responsive Web Design

Databases & Testing: MySQL, PostgreSQL, JUnit, Test-Driven Development, Unit & Integration Testing, Postman

Cloud, DevOps & Tools: AWS (Cloud, AI Practitioner), Git, GitHub, Maven, CI/CD Pipelines, Agile/Scrum, SDLC, JIRA, IntelliJ IDEA

EXPERIENCE

Programmer Analyst — Cognizant Technology Solutions *July 2025 – Present | Pune, India*

- Build and maintain scalable full-stack applications using Java, Spring Boot, and Angular, developing RESTful APIs and Maven-based builds for enterprise-grade solutions within an Agile/Scrum delivery model.
- Translate application requirements into secure, stable, and maintainable code, owning features end-to-end from development through integration and code review.
- Collaborate on front-end/back-end integration, handling JSON data exchange and SQL-based database operations across the full software development lifecycle (SDLC).
- Use Git for version control and contribute to CI/CD-driven delivery, upholding code quality and release readiness standards.

Trainee Software Engineer — Eidiko Systems Integrators Pvt. Ltd. *July 2024 – July 2025 | Hyderabad, India*

- Designed and developed enterprise-grade backend services using Core Java, Spring Boot, RESTful APIs, and JDBC, optimizing performance through multithreading, exception handling, and efficient design patterns.
- Integrated applications with databases, third-party APIs, and external services using REST, JSON, and SQL, ensuring secure and reliable data flow.
- Investigated and resolved application defects, collaborating with the engineering team to triage issues and validate fixes prior to production deployment.

PROJECTS

American Insurance Group – AIG (Cognizant)

- Built responsive, customer-facing user interfaces with React and TypeScript, integrating front-end components with Spring Boot back-end services to ensure secure data flow and a scalable, maintainable architecture. (React, TypeScript, JavaScript, Java, Spring Boot, REST APIs)

Full-Stack E-Commerce Application – Angular + Java (Cognizant) *[Project Link]*

- Delivered a full-stack e-commerce system with seamless Angular front-end to Spring Boot back-end integration, MySQL persistence, layered architecture, cross-origin support, and JUnit-based unit testing. (Java, Angular, Spring, Spring Boot, Hibernate, JDBC, MySQL, Spring AOP, Unit Testing)

Karnataka Bank Ltd. – UAT & Production Support (Eidiko Systems Integrators)

- Developed and deployed REST APIs using Java and Spring Boot for a live banking platform; configured SSL certificates, managed API access, and supported eKYC integration.
- Performed production troubleshooting and monitored system logs to investigate root causes and support stable go-live and post-release checkouts.

Amazon Clone – Front-End Practice Project *[Project Link]*

- Built a responsive e-commerce clone using JavaScript, HTML5, CSS3, and Tailwind CSS to strengthen front-end development skills ahead of Angular/React work. (HTML5, CSS3, JavaScript, Git)

EDUCATION

Bachelor of Computer Science and Engineering — CGPA 8.5/10
Sipna College of Engineering and Technology, Amravati, India | 2021 – 2024

Diploma in Computer Engineering — 92%
Dr. Panjabrao Deshmukh Polytechnic College, Amravati, India | 2018 – 2021

CERTIFICATIONS

- Microsoft Certified: Azure AI Cloud Developer Associate *[Link]*
- AWS Certified Solutions Architect Associate – AWS *[Link]*
- AWS Certified Cloud Practitioner – AWS *[Link]*
- AWS Certified AI Practitioner – AWS *[Link]*
- Claude Certified Architect – Professional – Claude *[Link]*
- Claude Certified Developer – Foundations – Claude *[Link]*
- Claude Certified Architect – Foundations – Claude *[Link]*
- Java Concepts – Infosys SpringBoard *[Link]*
